Mr. Secretary,

As I stated early this evening, I do oppose HB13-1303 as it is currently written. I have had the opportunity to help with the process of conducting Elections for over two decades. Although the bill does have positive aspects in conducting Elections, I cannot support same day registration as I do not see how we can guarantee a failsafe process as written. There are other pieces of the legislation that I may not agree with, but have an opportunity to address in the procedures of an Election. An example on page 29 section 16, addressing 1-2-229 change in status of electors deemed Inactive – failed to vote. I may not agree with it but do not see that we cannot address in our process of conducting Elections. I have visited with fellow Clerk & Recorder Jack Arrowsmith from Douglas County and do agree with comments he has posted on their website. I respectfully ask for a NO vote in the current written form. Should the bill be amended, taking out same day registration or the phrase in approach as Douglas County has suggested, I would be more willing to support the bill.

Sincerely,

Steve Moreno
 Weld County Clerk & Recorder
